

To all the examinees taking the 2nd JLPT in 2023 (December)

We are planning to take the following measures to prevent the spread of infectious diseases.

Request to all the examinees

- Please refrain from taking the test when you feel sick.
 - ※ Please use “Self-health checklist” and check your health condition at the day of the test and consider whether you can take the test or not.
- If you cough frequently during the test, we may refuse you to take the test.
- **It is up to each examinee to decide whether or not to wear a mask in the test sites.**
(For those wearing masks, you will be asked to take off the mask for personal identification.)
- Only examinee is allowed to enter the test site. There will be no place to stay for your companion.
Also, please refrain from waiting near the entrance of the test site to avoid the crowds.
- We don't ask for it uniformly, but as a basic infection control, you may be asked to do hand washing and hand sanitization, etc.

Precautionary Measures at Test Sites

- Hand sanitizers will be available at the test site.
- Test rooms will be ventilated by opening the doors and windows.
 - ※ Please wear clothes which you can handle high and low room temperatures.
- Test proctors will wear a face mask when they are talking, but it is up to each proctors to decide whether or not to wear a mask in other cases.
